St. Clare of Assisi, A Woman of Peace

Our world of today is facing troubled times. A period where "Peace" is constantly compromised and challenged. Today's news always bombard us with violence, aggression, killings, greed and power. Oftentimes we find ourselves asking, "When will all these end?"

St. Clare of Assisi was born in the year 1194, also a time of great struggle and violence, not only in the society but also in the Church. It was the time of Crusades, where the Church was neck to neck in battle with the Saracens, getting back Church lands conquered by the unbelievers. Somehow similar to our time where the ISIS takes over lands and destroying Churches and killing believers of the faith.

St. Clare's family was rich, belonging to the noble class of the society. She was surrounded by wealth and power. Her relatives were knights and nobles whose main concern was to expand their power, land and influence. During her childhood, her family was forced to flee Assisi and go to Perugia because of the uprising of the merchant class.

When St. Clare followed God's calling to follow in the footsteps of St. Francis in his life of poverty and penance, she was faced with great opposition from her family. They tried to stop her from doing God's will even to the point of dragging her out of the monastery, yet she stood her ground! Her faith saved her!

St. Clare lived her vocation in fidelity to God who led her "out of darkness into light". Her life of poverty and penance were lived in complete trust in God's loving providence and care. She led her community of contemplative nuns into the light of God. Daily, they were constantly aware of God's presence in their lives. Their faith were manifested in their very words, actions and life.

There was a time when the Saracens (unbelievers/pagans) threatened to invade Assisi and her monastery. The sisters were overcome by fear and cried to her. Like a mother, she gathered them around her and invited them to pray to God for protection. Before the Blessed Sacrament they prayed with complete trust and surrendered to God's providence and care. As the Saracens were trying to climb the wall of the monastery, they were suddenly struck by a great blaring light that they all fell to the ground and fled in fear.

The monastery was saved and also Assisi! This miracle was attributed to St. Clare and the sisters' prayer, their faith.

In this time where our faith, our peace, our safety are constantly in danger, we can learn from St. Clare of Assisi. We can look at how much faith she has in God. A faith that knows and believes that God is in control, that He holds everything in His hands.

Our generation, is slowly losing that faith. The more we become intelligent of the ways of the world, we lose sight of God's ways. Our society's values are trying to ease out God in our lives. Some cultures today have adapted values that takes us away from God. WE fool ourselves that we can live without God. It is like living without AIR! Can you imagine life without "air"? Or to make it more simple...living without WATER? God is the very air we breathe and the water to refresh us. Like St. Clare, let us put GOD back into our lives and society. St. Clare didn't go to the streets to protest, she silently prayed in the confines of her monastery. Her prayer was said in deep faith, a faith that can move mountains.

In our own little way, we try to live in that spirit of prayer in our everyday lives. On top of this hill in Lamma Island we devote our 24 hours to adoration of the Blessed Sacrament, praying the Liturgy of the Hours and Holy Sacrifice of the Mass. We welcome others to participate and pray with us, so that God's abiding presence may be truly felt by others. Every heart longs for quiet and solitude and our simple monastery offers just that. As daughters of St. Clare of Assisi we follow in her dedication and love for Christ present in the Eucharist.

May each of us learn again to pray with faith. Let us all turn to God with our whole heart, whole strength and will and PRAY!
